BMS INSTITUTE OF TECHNOLOGY & MANAGEMENT

(AN AUTONOMOUS INSTITUTION, AFFILIATED TO VTU, BELAGAVI)

Avalahalli, Yelahanka, Bengaluru -560064

ABOUT THE INSTITUTE

BMS Institute of Technology & Management was established in the year 2002-03. It is one of the 10 educational institutions under the BMS Educational Trust recognized by AICTE, New Delhi and affiliated to Visvesvaraya Technological University, Belgavi. The institution offers 9 UG, 3 PG and has 11 Research Centers. The institution has been conferred the autonomous status from 2021-22. The Institute is located on a 22-acre lush green campus in Avalahalli, Doddaballapur Main Road, Yelahanka with the salubrious climate of Bengaluru and the serene greenery in the campus located away from the hustle and bustle of the city. The institution has grown in strength and is emerging as one of the best technical institutions in the country. Some of the companies with which the institute signed MOUs are KPIT, BOSCH, IBM, DLITHE and TEXAS Instruments.

DEPARTMENT OF MCA

The MCA Department was established in the year 2003 with an approved intake of 60 students which has recently been increased to 120 with an excellent Library and Laboratory facilities. At present, it has 12 well qualified, experienced and dedicated teaching staff (06 Ph.D. holders and 05 are pursuing Ph.D.) and 2 technical and one office staff members creating an amicable teaching and learning environment. The faculty members of the dept. have executed their responsibilities as coordinators/ members of the BOS/BOE under VTU, other universities and autonomous institutions as well as editorial board members / reviewers of international journals/conferences. The department offers specializations under 4 tracks namely Data Science and Artificial Intelligence, Software Development and Operations, Advanced Network Systems and System Security and Applications.

The department organizes delivery of partial courses (PDC) by the industry experts as adjunct faculty for several courses such as Web Programming, Java Programming, Cloud Computing, Software Testing etc. with objectives of understanding industrial application of the core and current versions of the subjects. The Department of MCA has made significant strides in preparing students for placements by enhancing their skills in logic and coding. Students are actively participating in LeetCode challenges, which complement their core curriculum.

TECHNIX 6.0

Step into the enchanting world of Technix, where wizardry and technology merge to create a spellbinding experience like never before! This Harry Potter-themed Tech Fest is a celebration of innovation, creativity, and the boundless possibilities of the digital realm.

From coding duels and web enchantments to gaming tournaments and treasure hunts, Technix challenges participants to push the boundaries of their technical prowess. With Triwizard-inspired competitions, magical hackathons, and spellbinding tech talks, this fest brings together Muggles and wizards alike to showcase their talents, learn new skills, and compete for ultimate glory.

So grab your wands and laptops, decode the mysteries of the digital world, and embark on an unforgettable journey through the magic of technology!

🔮🌟 Are you ready to conjure the future?
